

Pack Adventures

Day Trips for Dogs WAY beyond the dog park

WHAT IS A PACK ADVENTURE?

Pack Adventures are off-leash, group training sessions. Think outdoor structured doggie daycare without boundaries. The land that we adventure on includes open fields, wooded hiking trails, and creeks. Your dog will hike, socialize, practice obedience, and proof their off-leash listening skills under the close supervision of Dogs of Charm City and our training partner, Monument City Dog.

“

Dogs of Charm City's Pack Adventures have been the best thing that ever happened to Max.

WHY ADVENTURE WITH US?

Allow your dog to escape city life for a day and explore freely on the trails with us. Our pack adventurers come alive in ways they can't while confined indoors or on a leash. We promise that your dog will come home physically and mentally exhausted after a day of adventuring with us. If you find that city doggie daycare isn't the ideal environment for your dog and walks around the neighborhood just aren't cutting it, then give your dog exactly what they need: A PACK ADVENTURE!

SKILLS WE TEACH

- Off-leash listening skills such as walking as one cohesive pack
- RECALL!
- How to self-regulate and relax off leash
- Appropriate play with other dogs
- Down stays and impulse control
- Thresholds (waiting patiently while loading in/out of car, for example)

IS YOUR DOG A GOOD FIT?

We require successful completion of our Off Leash Training Program OR prior off leash e-collar training by one of our training partners in order to participate in our Pack Adventure Program. Due to the group setting of this program, if your dog has any history of aggression towards humans and/or dogs, our pack adventures are not for him or her. Adventurous dogs who are confident, e-collar trained, active, do well in car rides and love to be outdoors will thrive on Pack Adventures.

PACK ADVENTURE SCHEDULE + WHAT TO EXPECT

Pick up occurs between 10-12p unless otherwise noted. We will contact you the morning of the Pack Adventure with a more exact pickup ETA. We let dogs take care of a quick tinkle before loading them up in our car with a seatbelt attached to their collar for safety. Once we arrive at the farm, we do a 2-mile loop around the property and allow for dogs to sniff, swim, hike, and explore for 1.5-2 hours. New adventurers will be kept on a biothane long line that drags behind them. Dogs are towed off and scanned for debris before loading them back up in our vehicle. We will keep you in the loop via text message updates with our every move - pick up, when we arrive at the farm, while we are adventuring, and when we drop your dog off at home.

Once all drop-offs are made, we will invite you to view a shared album of photos and videos so you can see what we were up to all day and share via social media if you chose to.

PRICING

Pack Adventures are \$50 with includes pick up and drop off from your home. Because your dog will be out of his/her home for 2.5-4 hours, our Pack Adventures are a great substitute for traditional doggie daycare.

READY TO BOOK?

If you are an existing Dogs of Charm City Client, reserve your dog's spot in one of our upcoming Friday Pack Adventure trips through the Appointment Tab in PetPocketbook. If you are not an existing client, please [fill out our contact form](#). Please note that dogs who walk regularly with us are given preference for this program. Our Pack Adventure program is only for e-collar trained dogs at this time! If your dog is not e-collar trained, ask us about our Off Leash Training Program.
